

## PROMINENT ARKANSAS CLUB MAN SAYS VIN HEPATICA IS GREATEST MEDICINE THAT HE EVER SAW

Saw in Papers Where It Helped Nashville Friend of His—Started Taking It at Once for Weak and Run-Down Condition, Stomach Trouble and Headache—Says It Has Made New Man of Him Already.

Mr. W. M. Gleaves, manager of Menasha Outing Club, Menasha, Ark., says the Vin Hepatica prescription has made an entirely new man of him. "I saw in the papers," writes Mr. Gleaves, "where Vin Hepatica had done so much for the wife of Lieut. Long, of the Nashville police force, and, knowing her personally and that what she said was true and could be depended upon, I went and bought some."

"I had tried everything else for my stomach trouble, indigestion, headaches and run-down condition, but without any results. I was at one time on the police force in Nashville, but had to give it up on account of my health. I am now manager of the Menasha Outing Club, where they have everything good to eat. But before taking Vin Hepatica I couldn't eat as I do now."

"I now feel stronger and better in every way and am advising my secretary to take Vin Hepatica, for it is the greatest medicine I ever saw. Am also advising my friends, and do advise anyone else suffering as I did to take Vin Hepatica, for it has made a new man of me. You can put this statement anywhere in the world you want to, for, if I can be instrumental in helping others suffering as I was, I am anxious to do it."

Just such letters as this come pouring in day after day to the Vin Hepatica laboratories because this great Vin Hepatica prescription is composed of eight of the finest herbal remedies known to medical science. Come in and get a bottle and try it on our recommendation. Jo Anderson's Drug Co., Chattanooga, Tenn.—(Adv.)

## REFUSES TO PAY ACCIDENT POLICY

Mrs. Delia Brock Sues Travelers' Insurance Company to Recover \$15,000.

The brutal murder of Dr. James R. Brock, deputy warden of the federal prison in Atlanta, who was felled with an iron bar, wielded by Dimitre Popoff, a convict, on Dec. 27, 1917, was the basis of a suit filed Friday morning in the chancery court by his widow, Mrs. Delia Brock. Mrs. Brock, through her attorneys, Tatum, Thach & Lynch, entered suit against the Travelers' Insurance company, seeking to recover \$15,000 accident insurance policy on her husband's life, made out in her favor.

Dr. Brock was one of the best known men of North Georgia and lived at Trenton. He had many friends in Chattanooga and throughout the adjoining country. The only reason the convict has ever given for the killing of Dr. Brock was that it was "a personal matter." The facts, it is claimed, were that the prisoner, who ended the deputy warden's life, was an intense socialist. He was sent up for five years for counterfeiting and is an alien enemy. Since the murder, the slayer of Dr. Brock has been kept in solitary confinement. The tragedy, which ended Dr. Brock's life, occurred just as the prisoners were coming out of the dining room after breakfast. As Popoff was passing Dr. Brock, he raised a heavy iron bar and felled the deputy warden with it. Dr. Brock was quickly rushed to the prison hospital, but, despite all medical aid possible, died two hours later without ever having regained consciousness. Dr. Brock was former deputy United States marshal of North Georgia and since his appointment, last May, to the position of deputy warden of the Atlanta federal prison, is said to have gained the respect of the prisoners under his care.

The change of the position by Dr. Brock from deputy United States marshal to that of deputy warden of the federal prison is given by the insurance company for the reason of their refusal to pay the full-accident policy on his life. The defendants, in the suit filed Friday, state that Dr. Brock changed from the position of deputy United States marshal to the position of deputy warden, a much more dangerous and hazardous position without their knowledge or consent. They do not deny that the policy on Dr. Brock's life was in full force at the time of his death, but do claim that had they known Dr. Brock had gone to the prison as deputy warden they would have classified him differently and according to their classifications of risks and premium rates. The defendant insurance company claim that under their classifications the policy held by Dr. Brock is only collectable to the amount of \$7,500 at the premium rate he was carrying it. Mrs. Brock asks for \$15,000, the amount of the policy, together with penalty and 25 per cent. allowed by law for failure to pay the face of the

policy when called on, together with all attorneys' fees. The plaintiff charges that her husband came to his death through violence and at the time he held a \$15,000 policy on his life, payable to her in case he met such death. She claims that the policy was taken out for six months, commencing on June 25, 1916, and could be renewed from time to time with the company's consent. Plaintiff said that the policy was renewed from time to time up to the time of her husband's death was in effect and full force. She claims that several times she was offered a settlement of \$7,500 by agents of the company, but this she refused to accept. Eyrom Tatum, of counsel for Mrs. Brock, stated that he could show that the defendant company did know that the plaintiff's husband had changed positions and that the company has no such classification as to risk to be by their agents regarding hazardous and dangerous positions and if so the death of Dr. Brock does not come under that head.

## SERVE NO VEAL ON MEATLESS TUESDAY

Rotary Fare Is Installed in Grill Room of Patten—"Spuds" Popular.

Meatless Tuesdays are still in effect and must be rigidly observed, said Houston Harper, of the Hotel Patten Friday. A large rotary fare is being installed in the grill room of the Hotel Patten. The fare is six feet wide—a double-decker. This will be the means of giving more ventilation. There is only one other such fare in the city, and this was recently added to Miller Bros' department store. A number of other improvements are under way at the Patten.

## CANADIAN DIES AT LOCAL INFIRMARY

Edward J. Condo, Veteran Odd Fellow and Business Man, Answers Last Summons.

Edward J. Condo, of Hamilton, Ontario, Canada, died early Friday morning in a local infirmary. He came to Chattanooga two weeks ago for treatment of the effects of the climate. He improved for a time and enjoyed the scenery and sunshine.

Mr. Condo was born at Germantown, now Pershing, Ind., fifty-three years ago. Seven years ago, Oliver, the plow king of northern Indiana and Canada, recognizing Mr. Condo's ability, made him superintendent of one of his divisions of his new plow works at Hamilton, which he held until recently, when he resigned and his son was appointed to succeed him.

Two days ago Edward J. Condo received a twenty-five-year veteran Odd Fellows' jewel from the lodge in Moline, Ill. The body was removed to Wann's funeral residence, 708 Georgia avenue, and is being held pending instructions. Surviving the deceased are his wife, two sons, a sister, of Dublin, Ind., and a brother, of Moline, Ill.

## PRIVATE PEAT TO BE HERE SATURDAY NIGHT

Private Peat's lecture at the Pilgrim church Saturday evening under the auspices of the Junior league, is expected to be one of the clearest revelations of the war conditions that the citizens of this city have yet had an opportunity to hear, and a drawing card that will tax the seating capacity of the house.

The league is to be congratulated on securing a speaker of the personal experience which Private Peat has had. After two years' actual service in the trenches he is back, minus a right lung and with a paralyzed right arm, the result of being hit by a German explosive bullet. He is back with a definite knowledge of what the war means, not only to the world, but to the individual who is called on to do his bit.

The regulations against children under sixteen attending the theaters, having been raised, it is expected that a large number of young people will attend, as well as soldiers and officers from the fort, since Private Peat will not be able to speak at Camp Forrest, on account of an engagement in Clarksville. Most of the tickets have already been sold.

## DYNAMO VOLUNTEERS ALL QUALIFY AT CAMP

City board No. 2 reports that none of the ten men sent to Columbus barracks, O., were disqualified. The report was received from the barracks physician this morning, and showed that all ten men made good averages. It will be remembered that these boys left Chattanooga last week, bearing the title of the "Dynamo Volunteers." This board had only two men to disqualify from Camp Greene, Charlotte, N. C.

"A Baby's Prayer at Twilight" and "Lorraine" is a record without an equal. Columbia record No. A2490. Templeman's, 723 Market street.

## MUCH INTEREST SHOWN IN HIGHLAND PARK REVIVAL

Fine interest is being manifested in the revival campaigns now in progress at the Highland Park Baptist and Southern Methodist churches. The campaigns are along the same lines and will continue another week. Dr. J. B. Ward, presiding elder, will preach Friday night at the M. E. church, south, of which Dr. N. M. Watson is pastor, and Dr. W. F. McMurphy, church extension secretary of the M. E. church, south, will occupy the pulpit of this house of worship at both services on Sunday.

Don't fail to hear "Everybody's Crazy 'Bout the Doggone Blues, but I'm Happy" and "I Ain't Got Nobody." Columbia record No. A2481. Templeman's, 723 Market St.

## SOLDIER CONFESSES TO THEFT OF AUTO TIRES

Aged Father Sick and Young Man Resorts to Stealing to Reduce Expenses.

Foster F. Smith, a mere youth, wearing the uniform of an American soldier, stood before Judge Martin Fleming in the city court and frankly confessed to stealing automobile tires.

Lieut. Randolph, of the provost guard, was in the court room and appeared to be interested in the matter of a penitentiary sentence for the young man. He explained that if Smith were turned over to the government the case against him would be pushed.

Foster Smith, with tear-dimmed eyes, and apparently deeply affected, was taken to Fort Oglethorpe Thursday afternoon, and, unless Dame Fortune comes to his defense, he faces a long sentence in a federal prison.

Following his arrest by Detectives Joe Paradiso and Robert Peace, the soldier broke down, confessed and showed where he got some tires. He explained that his parents, who live in Highland Park, were old, that his father was sick and he (Foster), in an effort to meet expenses and keep cars in condition that he had in the rent service, resorted to tire stealing. According to his statement, the tires that he took were not sold, but used by him and in that manner he was able to keep down expenses in that connection.

He made no effort to hold back in his story, but frankly confessed his shortcomings. He was anxious that his aged mother might not know he had transgressed. His pathetic story aroused the sympathy of the plain clothes men.

Now Foster F. Smith, just entering the threshold of young manhood, and with the best years of life before him, faces charges which may mean a long prison sentence. True, his crime calls for punishment, but he has, in a manly way, admitted his transgressions, and, in view of his youth and his deep penitence, it is contended that he is deserving of mercy along with the administration of justice.

## ECKMAN'S Calcerbs

INVALUABLE FOR COLDS

If taken in time this calcium compound lessens the risk of chronic throat or lung trouble. All the remedial and tonic qualities are combined in this Calcium compound. No harmful drugs. Try them today.

50 cents a box, including war tax. For sale by all druggists. Eckman Laboratory, Philadelphia.
